

- Prodotto da GRUPPO STAMPLAST in tre tipologie:
 - in polietilene HD con considerevole resistenza ad agenti chimici ed atmosferici.
 - con la base in policarbonato ad alta resistenza e gli spinotti in acciaio inox.
 - con la base in acciaio inox e gli spinotti in acciaio inox.
- Materiale: Polietilene HD ad altissima resistenza, policarbonato e acciaio AISI304.

- ✚ BIRD SPIKES
Manufactured by GRUPPO STAMPLAST into three types:
 - polyethylene HD providing chemicals and weathering resistance.
 - with high resistance polycarbonate base and stainless steel spikes.
 - with stainless steel base and stainless steel spikes.
- Material: Polyethylene HD with high strength, polycarbonate and stainless steel AISI304.

- PROTECTION ANTI-PIGEONS

- PROTECCION MURALLAS

Base e spinotti in plastica - 50cm
PM50X8-02

Base in plastica e spinotti in acciaio inox - 50cm
PMINOX-04

Base e spinotti in acciaio inox - 100cm
